EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with James D. Withers, Attorney for Applicant, on September 4, 2003.

The application has been amended as follows:

Claim 1, line 8, after "a battery" insert "and further including an interior battery cover;" at line 9, after "the keyboard" insert ", the interior battery cover" at line 10, after "retracting the" insert "keyboard and battery compartment" and at line 11, after "inaccessible when the" insert "keyboard and battery compartment".

Claim 2, line 1, after "whereby the" insert "keyboard and battery compartment" and at line 2, after "device when the" insert "keyboard and battery compartment".

Claim 5, line 4, after "casing when the" insert "keyboard and battery compartment".

Claim 24, line 3, after "casing when the" insert "keyboard and battery compartment".

Claims 1, 2, and 5-17 are allowable. The following is an examiner's statement of reasons for allowance: Claim 1, amended by Examiner's Amendment and by applicants amendment on August 27, 2003, recites a hand-held computing device comprising a slidably retractable keyboard and battery compartment cover, a casing, a battery compartment and further including an interior battery cover, whereby a keyboard, the

Art Unit: 2835

interior battery cover and the battery compartment are uncovered for access by slidably retracting the keyboard and battery compartment cover away from the casing. These features, in combination with the rest of the elements or steps, are not taught or suggested by the prior art references. Claims 2, and 5-17 depend, either directly or indirectly, from claim 1 and are therefore allowable for at least the reasons provided above.

Claims 18-30 are allowed. The following is an examiner's statement of reasons for allowance: Claim 18, in the Examiner's opinion, it would not have been obvious to include an interior battery cover in a battery compartment for closing a battery recess in a held-held computing device. These features, in combination with the rest of the elements or steps, are not taught or suggested by the prior art references. Claims 19-27 depend, either directly or indirectly, from claim 18 and are therefore allowable for at least the reasons provided above.

Claim 28 is allowable because it is directed to a hand-held computing device having claim features as recited in independent claim 1 and original dependent claim 6. The reasons for allowance of claim 6 were provided in the previous Office Action.

Claim 29 is allowable because it is directed to a hand-held computing device having claim features as recited in independent claim 1 and original dependent claim 11. The reasons for allowance of claim 11 were provided in the previous Office Action.

Claim 30 is allowable because it is directed to a hand-held computing device having claim features as recited in independent claim 1 and original dependent claim 14. The reasons for allowance of claim 14 were provided in the previous Office Action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
